

Dear Members of Congress,

As Americans and people of faith, we strive to love our neighbor and uphold the innate human dignity of each person. Dreamers worship in our pews, study in our schools, and work in our communities. For many, this is where they learned to ride a bike, celebrate our nation's holidays, and serve their communities. They are mothers, fathers, teachers, nurses, lawyers, scientists, and leaders of a new generation of Americans – and they make our nation stronger. It was an immoral decision to rescind Deferred Action for Childhood Arrivals (DACA) before legislation was enacted to protect them from deportation and offer them an opportunity to flourish.

As religious leaders across faith traditions, we call on Congress to act today. Dreamers cannot wait, our businesses cannot wait, and our country cannot wait. We urge all Members of Congress to immediately pass a clean Dream Act of 2017 (S. 1615/H.R. 3440), which provides a long overdue pathway to citizenship for immigrant youth.

DACA's termination crosses a moral line. Despite the purported six-month delay in enforcement, the consequences of terminating DACA are immediate, devastating, and profound. No new applications are being considered, and current recipients will see their protection revoked starting in March -- sooner if those whose status expires before then were unable to pay nearly \$500 in fees or ensure the Department of Homeland Security received their renewal requests in less than a month. Leaving DACA recipients and other Dreamers in limbo violates our nation's values and sends a message of exclusion to immigrant youth, some of whom do not have family or a support system in their birth country. Many do not remember it, or even speak the language.

Dreamers have worked tirelessly for the country they call home to recognize them as our own. The Dream Act of 2017 is the culmination of that legacy. We stand with these brave individuals who embody our ideals and the future of this great country. Dreamers inspire us to live into our shared faith values of unconditional love for our neighbors and determined belief in the possibility of justice for all people. Their vision is our vision, that we can realize an immigration system that affirms the sanctity of family unity, respects the rights and dignity of all, and makes the American Dream truly achievable.

Increased enforcement is not the remedy. It is imperative that Congress does not pair relief for Dreamers with policy that puts their parents, siblings, and other immigrants at increased risk of deportation or detention or further infringes upon the rights and safety of border communities. Our immigration system leaves millions unjustly detained, separated from family, and locked out of regularizing their status. Congress must enact a clean Dream Act of 2017 without attaching it to any kind of increased immigration enforcement.

As people of faith, we ground ourselves in the teachings of our varied traditions. When there is injustice, we are called to work towards righting it. We ask ourselves how we can be agents of community restoration. We pray for this nation and for all people seeking safe, stable, and fruitful lives. We are praying with Dreamers for relief as they face an unknown future. We are praying that you – our Members of Congress - do everything in your power to immediately pass a clean Dream Act of 2017.

Sincerely,
