**RE: Urgent Appeal to Pass Protections for DREAMers in the Senate from Over 4,500 People of Faith, Nationwide**

Dear Majority Leader McConnell, Leader Schumer, Speaker Pelosi, and Leader McCarthy:

Despite a U.S. Supreme Court ruling affirming that Deferred Action for Childhood Arrivals (DACA) stays, the future for nearly 650,000 undocumented youth who benefit from the program to live and work lawfully in the United States, remains precarious, absent legislation that provides them a path to lawful permanent residence and citizenship. We the undersigned people of faith, call on the U.S Senate to take dramatic action to pass permanent protections for DACA recipients ("DREAMers").

On June 18, 2020, the U.S. Supreme Court announced a decision over the Trump Administration's efforts to cancel the Deferred Action for Childhood Arrivals (DACA) program, siding with Dreamers, and ushering new momentum to support hundreds of thousands of undocumented youth in their journey to full protection.

The House of Representatives successfully passed the American Dream and Promise Act of 2019 (H.R. 6) in June 2019, which would provide DACA recipients, Temporary Protected Status (TPS) holders, and Deferred Enforced Departure (DED) holders a pathway to citizenship. In the Senate, however, neither H.R. 6 nor the Dream Act of 2019 (S.874), have been brought forward for a Senate vote.

As members and leaders in faith communities around the country, we greatly value our ability to welcome sojourners and believe in the sacred dignity of every person. Now more than ever is the time for Congress to pass a legislative solution to provide permanent security for the 800,000 eligible DACA recipients living in the United States.

Any proposal must support permanent relief for Dreamers without compromising the safety and livelihood of their families, pitting immigrant communities against each other, or pairing immigration relief for some populations with enforcement policies that endanger others. That means no increases to immigration enforcement that could be used to further detain, deport, and separate families.

Therefore, we urge Congress in this time to uphold these values and invest in permanent and healing solutions for DACA-mented youth and their families by passing legislation in the Senate immediately, as expressed in the bi-partisan H.R. 6 and in S. 874, to give DACA recipients and eligible undocumented youth a pathway to citizenship.

Strong, faithful communities rely on our ability to welcome the stranger and recognize that of God in each person.

Sincerely,
